

Whether you are setting up a new team, integrating new team members or optimizing existing team work effectiveness...

Try the
F

AZck 'pedition!

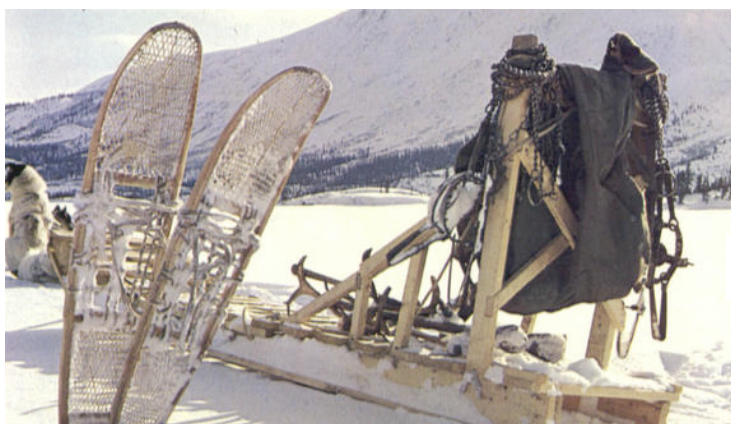

A unique team experience facilitated in collaboration with **TEAMWAY**

Scenario

Your team, "the tribe", will go on an expedition in the white wilderness surrounding Geneva, with the common objective to move everyone from the base camp to a new territory, facing various challenges and constraints on its way.

Workshop objectives

- Discover and understand self and others
- Enhance collaboration & team cohesion
- Improve communication within & across teams
- Assess flexibility and adaptability to changes
- Stimulate creativity and thinking out of the box to make decisions in uncertain environment

What makes this expedition successful ?

- A customized expedition adapted to your team needs and to the chosen location
- Learning by action before and during the expedition
- Debriefing of the key learning points transferable to the working place
- Challenging, yet safe and adaptable activities, integrating everyone in the team

Example of roadmap

Part 1 Preparation of the expedition, incl. construction of sledges

Part 2 Run the expedition through the white wilderness, incl. activities such as:

- Resolving enigma & issues providing food to the tribe
- Construction of a shield to protect the tribe from the blizzard
- Fire making to prepare tea for the tribe
- Drawing all sledge up a hill
- Preparing traps to protect the tribe from wilderness, etc.

Part 3 Debriefing of the expedition and creation of a tribe charter to optimize team work effectiveness.

Duration

1 to 2 days

Target audience

approx 26 - 40 participants
English or French speaking

Location

30 min to 2 hours drive from the Geneva airport, depending on the chosen accommodation.
